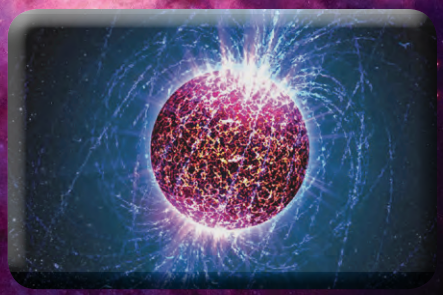
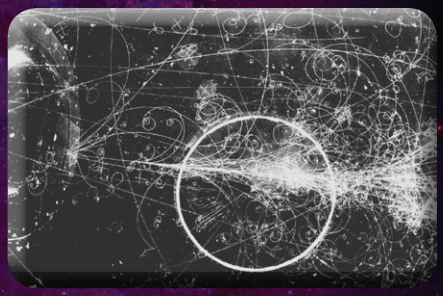
Physics Day

Texas A&M University-Commerce
October 8, 2016 • 10am - 2:30pm

We invite high school and community college physics teachers, along with 2-3 of their students to a day of physics activities, including




- Presentations and discussion sessions from faculty, undergraduate and graduate physics students on:
  - **What is physics?**
  - **What career options a physics degree opens up**
  - **Physics research you could take part in at A&M-Commerce**
- Exciting physics demonstrations from our Society of Physics Students
- Physics Challenges
- Planetarium Demo
- Lunch
- Giveaways, including t-shirts
